ZuliAstutik. 2023. **The Effect of Applying the Drill Method to Student Learning Outcomes in the Al-Qur'an Hadith Subject in Class X MA BahrulUlumLamongan "**. Thesis. Lamongan Islamic University.

This thesis discusses the effect of the application of the Drill method on student learning outcomes in the Al-Qur'an Hadith subject in class X MA BahrulUlumLamongan by using a type of quantitative research and a correlation approach, the purpose of this study is to determine the application of the Drill method, knowing student learning outcomes in Al-Qur'an Hadith subjects, as well as knowing the effect of applying the Drill method to student learning outcomes in Al-Qur'an Hadith subjects in class X MA BahrulUlumLamongan. Data collection in this study used a questionnaire and documentation method. The population in this study were all students of class X MA BahrulUlumLamongan. And data analysis using statistical analysis techniques in the form of simple linear regression. The results of this study, first, the application of the Drill method is very good. This is based on the results of a questionnaire that has been distributed to respondents and analysis through the percentage formula obtained results of 81.20% which are in the interval value of 76% -100%. Second, the learning outcomes of students in the Al-Qur'an Hadith subject are quite good. This is based on students' report cards and analysis using the mean formula (average) with a value of 83.96 which is between 75-89. While the third, the effect of applying the Drill method to student learning outcomes in Al-Qur'an Hadith subjects in class X MA BahrulUlumLamongan shows that the significant value is 0.000, which means there is a significant influence and based on the magnitude of the correlation value 0.878 which is in the interpretation 0.80-1.000 indicates that between variables X and Y there is a very strong relationship.

ABSTRAK

Zuli Astutik. 2023. “Pengaruh Penerapan Metode Drill terhadap Hasil Belajar Peserta Didik pada Mata Pelajaran Al-Qur’an Hadist di kelas X MA Bahrul Ulum Lamongan”. Skripsi. Universitas Islam Lamongan.

Skripsi ini membahas tentang pengaruh penerapan metode *Drill* terhadap hasil belajar peserta didik pada mata pelajaran Al-Qur’an Hadist di kelas X MA Bahrul Ulum Lamongan dengan menggunakan jenis penelitian kuantitatif serta pendekatan korelasi, tujuan dari penelitian ini adalah untuk mengetahui penerapan metode *Drill*, mengetahui hasil belajar peserta didik pada mata pelajaran Al-Qur’an Hadist, serta mengetahui pengaruh penerapan metode *Drill* terhadap hasil belajar peserta didik pada mata pelajaran Al-Qur’an Hadist di kelas XMA Bahrul Ulum Lamongan. Pengumpulan data pada penelitian ini menggunakan metode angket dan dokumentasi. Populasi pada penelitian ini adalah seluruh peserta didik kelas X MA Bahrul Ulum Lamongan. Dan analisis data menggunakan teknik analisis statistik berupa regresi linier sederhana. Hasil dari penelitian ini, yang pertama, penerapan metode *Drill* tergolong baik sekali. Hal ini berdasarkan hasil angket yang telah disebarkan kepada responden dan analisis melalui rumus prosentase diperoleh hasil sebesar 81,20% yang berada di nilai interval 76%-100%. Yang kedua, hasil belajar peserta didik pada mata pelajaran Al-Qur’an Hadist tergolong baik. Hal ini berdasarkan nilai rapor peserta didik dan analisis melalui rumus *mean* (rata-rata) diperoleh hasil dengan nilai 83,96 yang berada di antara nilai 75-89. Sedangkan yang ketiga, pengaruh penerapan metode *Drill* terhadap hasil belajar peserta didik pada mata pelajaran Al-Qur’an Hadist di kelas XMA Bahrul Ulum Lamongan menunjukkan bahwa nilai signifikan 0,000 yang artinya terdapat pengaruh yang signifikan dan berdasarkan besarnya nilai korelasi 0,878 yang berada pada interpretasi 0,80- 1,000 menunjukkan bahwa antara variabel X dan variabel Y terdapat hubungan yang sangat kuat.

Kata Kunci: Metode *Drill*, Hasil Belajar, Al-Qur’an Hadist
